Dear Sir or Madam,

Euroregion Baltic, the Pomorskie Voivodeship and South Baltic Professionals project have a pleasure of inviting you to the 5th Annual Forum of Euroregion Baltic Stakeholders to be held on

28th October 2014, 10.00 AM – 4.00 PM

ul. Okopowa 21/27

During the Forum we would like you to take part in interesting discussions on challenges in such areas as labour mobility, internationalization of universities and youth cooperation in the Baltic Sea Region. We will try to identify barriers hampering the development of labour mobility, and find out if creation of stable and dedicated networks of relevant stakeholders could be a key to solving this problem. We will also discuss methods allowing universities and other higher education institutions to cooperate better on the international level. Finally, we will investigate the prospects of youth cooperation in our region and how it can be bolstered by relevant actors.

You are very welcome to register online [here](#) till 20th October 2014.
